BARRY MANILOW COMES TO NBC FOR ONE NIGHT ONLY

2023 NBCUniversal Media, LLC Photo by Martin Schellier/NBC

At a mere 80 years old, the legendary Barry Manilow is having quite the year.

The multi-award-winning performer, composer and songwriter has sold more than 85 million albums, has released 13 No. 1 hits and recently performed his 637th show at the Westgate Las Vegas Resort & Casino, beating Elvis Presley's previously held record for most appearances on the same stage.

"I've never met Mr. Presley, but he was such an incredibly important person in music," Manilow tells us. "Singing on the same stage as him, and to break that kind of record, honestly, it was an honor."

Manilow also completed a sold-out run at Radio City Music Hall, and his 30-years-in-the-making musical, *Harmony*, opened on Broadway in November. Now he and his 24-piece band are joining NBC and TV fans across the country to celebrate the holidays with a special concert performance, *Barry Manilow's A Very Barry Christmas* (Monday, Dec. 11). Manilow will perform his classics; just name a tune — "Looks Like We Made It," "Mandy," "I Write the Songs," "Can't Smile Without You," "Copacabana" — and chances are you know those memorable lyrics. He'll also perform several holiday favorites

including "Jingle Bells," "Rudolph the Red-Nosed Reindeer," "Feliz Navidad" and "White Christmas."

"What I'm crazy about most of all is we've figured out a way of combining some of my big hits with some great Christmas songs," Manilow shares. "It feels like a great Christmas hour, but it's not just all Christmas songs. And, of course, the set is gorgeous. We've got everything from Santa Claus to snow, and who doesn't love all of that?"

Manilow, who has never taken any of his success for granted, is still touched by the millions of "Fanilows" who flock to see him.

"I've been doing this for a long time and I'm always ready for the whole thing to fall apart any day," he laughs. "Every night before I go out on the stage, I say to Ken, my stage manager, 'Anybody out there?' And I mean it. ... It's just an amazing ride that I've had because of [my fans]."

And the ride is far from over. Manilow has no plans of slowing down. "I like working. I don't eat. I don't sleep. I like creating, I like doing. I'm a human doing instead of a human being. I like it. I just like being busy. And I'm a hundred years old and I still look pretty good and I still sound pretty good. And I think that's because I haven't slowed down. I think if you slow down, you're going to stop. I have no intention of stopping." — *Barb Oates*

Julia Roberts & Ethan Hawke Star In "Leave The World Behind"

Sam Esmail (*Mr. Robot*) wrote, produced and directed this apocalyptic psychological thriller led by Julia Roberts, Ethan Hawke, Mahershala Ali and Myha'la, which makes its feature film debut on Netflix on Friday, Dec. 8. Roberts and Hawke play a couple who rent a luxurious home for the weekend with their son and daughter (Charlie Evans and Farrah Mackenzie). But their vacation is soon upended when two strangers — a man (Ali) and his daughter (Myha'la) — arrive in the night, bearing news of a mysterious cyberattack and seeking refuge in the house that they claim is theirs. The two families reckon with a looming disaster that grows more terrifying by the minute, forcing everyone to come to terms with their places in a collapsing world. Kevin Bacon also stars in the film, which had a limited theatrical release in late November.

Sir David Suchet And Broadway Legend Lea Salonga Headline "Christmas With The Tabernacle Choir."

There's always something so magical and inspirational in the story and music of the Tabernacle Choir and Orchestra's annual Christmas event. Now in its 20th year, *Christmas With the Tabernacle Choir* welcomes Sir David Suchet (*Agatha Christie's Poirot*) as narrator, and Broadway and Disney superstar Lea Salonga (*Mulan*, *Miss Saigon*) as the featured musical artist for this festive extravaganza. The inspiring, 90-minute concert tradition premieres on PBS Tuesday, Dec. 12 and BYUtv on Sunday, Dec. 17.

Suchet narrates the hope-filled, true story of real-life hero Sir Nicholas Winton, an English stockbroker living in Nazi-occupied Czechoslovakia who saved the lives of hundreds of Jewish children during World War II.

"As someone coming from the Philippines, Christmas is a huge, huge deal, but with the stories that Sir David was telling with regards to Nicholas Winton, and how one person is able to change the lives of so many people — the power one person can possess to impact so many other people — it was so tear-jerking," Salonga shares. "Listening to David narrate the story and talk about Nicholas Winton every night ... our jaws are just constantly on the floor."

Suchet adds, "As soon as I knew that I would be narrating about what Nicholas Winton did just before the war, saving children from Nazis in Czechoslovakia, I immediately said yes. It was a chance to spread his word many, many years after his death."

As for the beautiful music and the over 500 people (all volunteers) who form the choir, orchestra, bells, trumpet ensemble, dancers and more — one can't prepare for the generosity and kindness that exude from this special celebration.

"The first time I ever set foot in the auditorium and meeting the Tabernacle Choir, I was completely dumbstruck. I'd never been in such a sized auditorium, and I've never been part of such an extraordinary choir," Suchet says. "Listening to Lea singing was a true gift. ... I feel very proud and honored to have been part of it."

The special comes at such an important time, delivering a universal message that inspires hope and kindness, stirs reflection and invites the peace of the season to all of us. — *Barb Oates*

KEVIN O'LEARY
Of ABC's "Shark Tank"
By Jacqueline Cutler

Kevin O'Leary pulls no punches. You want to be coddled? Go elsewhere. He's not trying to be mean; he's trying to make money and help others make money — if the product is worthy. An original shark on ABC's *Shark Tank* (Fridays), now in its 15th season, O'Leary takes a break from meetings to answer our "5 Questions."

- 1. What business acumen did your mom pass on to you?** She really believed in financial independence; that was her thing. Even when she was a very young girl, she started taking 20% of her paycheck and buying two things with it. She bought the S&P 500 stocks that pay dividends, and the other half she bought telco bonds. Back in those days — in the late '50s — you could keep your account separate from your husband, completely unknown to anybody else. Over the 50-plus years, she grew this portfolio to be an extraordinary thing.
- 2. What was an early job that influenced you?** I worked at an ice cream parlor in high school. The only reason that I took the job is the girl that I was hot to trot for in Grade 11 worked at the shoe store across the mall, and I figured if I worked at the ice cream store, I could go out on dates after we both got off work. ... [When the owner ordered him to scrape gum off the floor, and he refused,] I didn't want her to see me on my knees. I thought it would be so bad for my brand. I said, "I can't do that. I was hired as a scooper, not a scraper." She said, "No, no, you work for me. You do whatever I say." ... At that moment, I realized this working for somebody isn't for me.
- 3. What's your go-to financial advice?** It's a very simple test. You don't need a computer. You don't need a spreadsheet. You just need a piece of paper. On one paper, you put all your income for 90 days, whatever it is. On the other side is what you're spending. And very often, you find out that you're outspending your means, and you're putting it all on credit card debt at 22% interest. You can't win. There's the reason I own all these credit card stocks is I know you can't win. I win.
- 4. What's your ideal day?** I break it up into 30-minute segments. I like to work with my entrepreneurs. I'm happy to work on my portfolio, be involved in deal-making, create new companies, start new businesses. I don't need more money; I need more time.
- 5. When fellow shark Barbara Corcoran called you Mr. Wonderful, she was being sarcastic. Yet, haven't you branded yourself Mr. Wonderful?** We've worked together for 15-plus years. And I'll say this about Barbara. The only reason she gets to the *Shark Tank* set every year is I buy her a new broom. Yeah, I just love saying that. I can't help myself.

HOROSCOPES

By YASMIN BOLAND

Utkarsh Ambudkar, a Sagittarius (born Dec. 8), of "Ghosts"

life? If you want to move house, this could be the perfect time. Take action in your private life.

LIBRA (Sept. 23 - Oct. 22)
If you've been losing your cool with someone (or more than one person!) and you know you need to change your communication style, now is the time. Librans are famously charming so tap into that. You catch more flies with honey than vinegar! Being honest without being hurtful is the key.

SCORPIO (Oct. 23 - Nov. 21)
With the planet of love and abundance, Venus, now in your sign, you're in a great position to have some lovely times. However before you start to reap the cosmic rewards on offer, ask yourself this; do you feel you're worthy of wonderful things? Manifesting an amazing life starts with feeling worthy!

SAGITTARIUS (Nov. 22 - Dec. 21) Now is an important time for you as the December New Moon prepares to light up your sign, along side driven and determined Mars also in Sagittarius. If ever there were a time for you to go for it, in terms of chasing your dreams, it's now! Don't wait for 2024!

CAPRICORN (Dec. 22 - Jan. 19)
No one said it was going to be easy being a Capricorn this year – but it hopefully it a bit easier now than it was beforehand. Dissect whatever is upsetting you or keeping you up at night. You're at the end of the long and arduous cycle. Hang in there!

AQUARIUS (Jan. 20 - Feb. 18)
The best thing you can do this week to manifest your dreams is get really clear on what you want. That means doing something like writing in your journal about your aims and goals for now and the coming year. Energies you put out now will come back to you soon.

PISCES (Feb. 19 - March 20)
There are a lot of important lessons coming to you right now – are you paying attention? One of the biggest is about money. The more you can reply on yourself now, the more abundant and financially secure you will be. A great time to start a new business or side hustle.

ARIES (March 21 - April 19)
Don't sweat the small stuff! The December New Moon is triggering the part of your chart which is all about expanding your horizons and looking at the bigger picture. So take a step back and look at your life. What do you see versus what you want to see? Change is coming!

TAURUS (April 20 - May 20)
Loving Venus is currently in your Love Zone. So now is a great time for anything to do with romance. And to add to that, the December New Moon is triggering your Sex Zone. If that doesn't say hearts and a bit of what you fancy, I don't know what does. Vavavavoom!

GEMINI (May 21 - June 20)
The December New Moon is coming and it'll be triggering your Relationship Zone. That means if you're ending the year wishing things could have been differently relationship-wise, well they still could be. If you need to move forwards, now is the time to take strides. Your love life is evolving.

CANCER (June 21 - July 22)
Every year at around about this time, you get a message from the universe; it's time to get back on track with your daily routines and every little thing it takes for you to feel functional. Make a list now and start to put changes in place. 2024 can be amazing.

LEO (July 23 - Aug. 22)
Some star signs need peace and quiet, but I think it's fair to say that Leos need fun! The December new moon is going to be triggering your Fun Zone, with fiery Mars in there as well. It should be a pretty great silly season for you. The pressure is off!

VIRGO (Aug. 23 - Sept. 22)
This week, you have what could be described as 'a last-minute chance' to make changes on the home front, before the year is out. So what do you want in your personal

Who Will Go Home With The Gold At The Daytime Emmys On Dec. 15?

Now that the writers strike is over, a date has been set for the 50th Annual Daytime Emmy Awards. The telecast will air Friday, Dec. 15 from 9-11pm ET on CBS. The show has a lot of content it needs to get out this year. In addition to handing out awards to soap operas in acting, directing, writing and show categories, there are two serials celebrating milestone anniversaries.

General Hospital turned 60 this year. *The Young and the Restless* celebrated its 50th anniversary. Like last year, the awards will be hosted by *Entertainment Tonight's* Kevin Frazier and Nischelle Turner.

"We are pleased to set this new date with CBS for the Daytime Emmys to celebrate our golden anniversary," said Adam Sharp, president and CEO of the National Academy of Television Arts & Sciences (NATAS), in a statement. "We know the loyal fans of daytime television have waited patiently to properly honor and recognize all of the deserving nominees, and we look forward to the celebration we have all been waiting for."

Here are our predictions for who'll take home the statuettes in key soap opera categories: *General Hospital's* Finola Hughes is poised to win her second Daytime Emmy for Outstanding Lead Actress in a Drama Series as Anna Devane. Anna watching Peter August (Wes Ramsey) perish was superb drama. Maurice Benard (*GH*) may take home his fourth Daytime Emmy for Outstanding Lead Actor in a Drama Series for his portrayal of Sonny Corinthos, a man who attempted to put his broken family back together.

All four soap operas — *The Bold and the Beautiful*, *Days of our Lives*, *GH* and *Y&R* — had years worthy of receiving a top show nomination, which they did. There's also a fifth contender in this category — *The Bay* (Popstar! TV).

For years, viewers tuned in to the Daytime Emmys to see if Susan Lucci would win the Outstanding Lead Actress in a Drama Series award for playing Erica Kane on *All My Children*. That moment finally occurred in 1999 when presenter Shemar Moore (ex-Malcolm, *Y&R*) announced that "The streak is over!" At this year's show, Lucci will take home another award when she receives her Lifetime Achievement Honors.

WILL CANADA'S LAW & ORDER AIR IN THE US?

@TVGMMattRoush

Question: Will the new *Law & Order* series from Toronto be released in the U.S.? –Jim

Matt Roush: For now, *Law & Order Toronto: Criminal Intent* is only set to air on Canada's Citytv network sometime in spring 2024, but the producers are looking for international buyers. *Rectify's* Aden Young leads the cast in the first international version of a *Law & Order* series with all new characters and stories. Whether, when or where it may be available to viewers in this country remains to be seen. Given the shaky state of the current TV season, I wouldn't be shocked to see something like this get snapped up, but if it's not available before spring, at which time we might actually get NBC's regular *Law & Order* shows back, the need might not be as great.

Question: Why do they still call *Live with Kelly and Mark* live? Every other day it says "previously recorded!" –Susan N.

Matt Roush: Even when it doesn't air live, shows like these are still considered "live" because they're filmed live before an audience. Same with *Jimmy Kimmel Live* in late night, which is recorded earlier in the evening but is still considered a live show.

CHEERS TO KIM KARDASHIAN

for killing it on FX's *American Horror Story*. Maybe it's all those years with momager Kris, but the influencer is giving the perfect blend of no-nonsense and nefarious as the high-powered publicist Siobhan to Emma Roberts' haunted actress Ava.

CHEERS TO HULU

for lighting the way for '80s gems. After bringing the Cybill Shepherd-Bruce Willis classic *Moonlighting* to streaming, Hulu also dropped all 172 episodes of long-MIA legal drama *L.A. Law*—remastered—on November 3. Can we get *thirtysomething* next?

follow Cheers & Jeers

JEERS TO TIKTOK ON TV.

It's bad enough social media "stars" are taking roles from actual actors, but now *Succession* producer Adam McKay is launching a scripted office-place satire, *Noble Energy*, on the video app. Why did we spend so much money on 70-inch flatscreens?!

JEERS TO COMEDY CENTRAL

for not shooting its shot. *The Daily Show* still doesn't have a permanent star and ex-host Jon Stewart's Apple TV+ gig was just ended. Are we the only ones who see the opportunity here?

Better than cannabis, better than CBD

New Joint-Supporting “Miracle Oil” Capsule Delivers Hip, Knee, and Shoulder Comfort in Just Days

Thousands of Americans are rediscovering normal freedom of movement thanks to a “miracle oil” capsule that’s outperforming hemp in promoting joint comfort.

According to the official figures from the CDC, more than 58 million Americans are living with joint discomfort. This epidemic has led to a search for alternative approaches – as many sufferers seek relief without the harmful side effects of conventional “solutions.”

Anti-aging specialist Dr. Al Sears is leading the way with a new formula he calls “the most significant breakthrough I’ve ever found for easing joint discomfort.”

The capsule is based on a “miracle oil” historically treasured for its joint health-supporting properties. Marco Polo prized it as he blazed the Silk Road. And to this day, Ayurvedic practitioners rely on it to promote optimal joint health.

Now, with a modern twist backed by science, Dr. Sears is making this natural solution for joint health available to the public.

Your Body’s Hidden “Soothing System”

Joint health research changed forever with the discovery of the endocannabinoid system (ECS) in 1992. Up until that point, research on cannabinoids focused on psychoactive effects. Now, scientists were looking at a new way to fight occasional aches and pains.

Your ECS serves as a central “signaling system” that tells your body how to react to things you do every day. It controls several critical bodily functions such as learning and memory, sleep, healthy immune responses – and your response to discomfort.

A recent study revealed a direct link between the ECS and creaky, sore joints. Researchers at the University of Edinburgh studied the aging of mice with endocannabinoid deficiencies versus “normal” mice.

As they aged, the deficient mice had a whopping 60% more joint degeneration than the mice with a healthy ECS.

As the name suggests, the ECS responds to cannabis. At the time it was discovered, scientists assumed that was the best way to support it. But thanks to Dr. Sears’ all-natural solution, you can power up your ECS without marijuana.

“Calling it the ‘endocannabinoid system’ was a misnomer from the very beginning,” Dr. Sears explained. “Modern research reveals that you don’t need cannabis to activate this incredible system. You don’t need to ‘get high’ to get joint relief.”

A scholarly review found that plants and herbs that don’t produce mind-altering effects can support the ECS and help it maintain its healthy functions.

The active ingredient in Mobilify soothes aching joints in as little as 5 days

This includes common foodstuffs, such as kava, chocolate, black pepper, and most significantly – the star ingredient to Dr. Sears’ own **Mobilify** formula - frankincense.

Modern scientists say this natural ingredient meets “cannabinoid tetrad” – the signs used to determine if something supports the ECS. While it doesn’t produce a “high” like cannabis does, it binds to the same receptors to support a healthy response to discomfort.

All the Benefits of CBD – Without Cannabis

Indian frankincense, the chief ingredient in **Mobilify**, has been shown to provide all the benefits of cannabis without any feelings of sluggishness or sleepiness.

And studies show that users don’t have to wait long for the comfort they’re looking for.

In a study published in the International Journal of Medical Sciences, 60 patients with stiff knees took 100 mg of Indian frankincense or a placebo daily for 30 days. Remarkably, Indian frankincense “significantly” supported healthy joint function and relieved discomfort in as little as five days.

Additional research linked regular use to lasting comfort.

In another study, 48 participants were given an extract made from frankincense for 120-days. When the results came in, researchers determined the extract strongly supported joint comfort – especially in the knees.

These results were all achieved without marijuana. Research continues to back up the idea that you can support smooth, strong, and healthy joints naturally – without tiredness or sluggishness.

Get Moving Again with Mobilify

Mobilify has already helped thousands of Americans stay on their feet and breeze through their daily activities with ease.

One user even reported getting results the same day it was used.

“**Mobilify** really helps with soreness, stiffness, and mild temporary discomfort,” Joni D. said.

Larry M, another user, compared taking **Mobilify** to living a completely new life.

“After a week and a half of taking **Mobilify**, the discomfort, stiffness, and minor aches went away...it’s almost like being reborn,” he said.

Dennis H. said it helped him get back to his favorite hobby.

“I can attest to **Mobilify** easing discomfort to enable me to pursue my golfing days. Definitely one pill that works for me out of the many I have tried,” he said.

How to Get Mobilify

Right now, the only way to get this powerful, unique **Mobilify** formula that clobbers creaking joints without clobbering you is directly from Dr. Sears. It is not available in stores.

To secure your bottle of this breakthrough natural joint discomfort reliever, buyers should call with Sears Health Hotline at **1-800-332-8375**. “The Hotline allows us to ship the product directly to customers.”

Dr. Sears believes in this product so much, he offers a 100% money-back guarantee on every order. “Just send me back the bottle and any unused product within 90 days, and I’ll send you your money back,” said Dr. Sears.

The Hotline will be taking orders for the next 48 hours. After that, the phone number may be shut down to allow them to restock. Call **1-800-332-8375** to secure your limited supply of **Mobilify**. If you are not able to get through due to extremely high call volume, please try again! Call NOW to qualify for a significant discount on this limited time offer. 97-Cent Natural Relief for Leg and Feet Burning, Tingling and Numbness That Doctors Never Tell You About

You don't have to suffer anymore. Doctors never tell you about these 7 natural herbs, yet millions of people in China have used them for relief of leg and feet problems for 3,000 years. In fact, they are guaranteed to relieve your problems and provide soothing comfort - or you pay nothing.

Mary Lentz of Plano, Texas suffered for over twenty years from leg and feet problems. Doctors prescribed one prescription drug after another. Then electrical stimulation. Then surgery. But after all these treatments - her legs and feet actually felt worse.

Mary was fed up with suffering. She took matters into her own hands. At wit's end, she discovered the best herbs for natural relief. She took them, and within just days, her leg and feet problems began to disappear. Now she walks her Golden Retriever Max every day (which she couldn't do before), works in her garden and regularly plays tennis with friends.

"If I kept listening to my doctors, I'd be a cripple today. I'd be in a wheelchair or in a nursing home. I am so thankful for these remarkable herbs."

Leg and feet problems could have been almost like a death sentence for Mary - and a shame for her suffering family. It is a terrible way to live out what should be the best year of your life.

Neuropathy is like a wildfire. It starts with a small flame, but then quickly turns into a raging fire in your feet that never stops. Left alone or treated in a way that doesn't work, it can lead to constant suffering - or even one of the 86,000 Americans who need a limb amputated each year according to the National Institutes of Health.

"I had so much pain from burning nerves in my feet I could barely move ...but this makes it calm down so I can walk and sleep. I really love this stuff. Other pills didn't work. It stops the nerves from hurting so bad. It is amazing. NeuroFlo lets me move and sleep pain-free. It is wonderful."

- Katerina King-Mccausland, Murrieta, CA

Proven Fast Natural Relief For:

- Blood Sugar Problems
- Varicose Veins
- Swollen Legs
- Spider Veins
- Aches & Weakness
- Many other leg & feet problems

Until now, scientists could not combine all these herbs into one pill without losing their full potency, but finally, they have succeeded.

Dr. Ryan Shelton, M.D. says "This is new and different. It works for people who've tried many other things before. It is natural with no side effects. Don't give up hope for your leg and feet pain, burning, tingling and numbing. This pill is working for countless people after other treatments have failed them." From word-of-mouth, over 30,000 doses of this Chinese miracle have already been sold in America.

Instead of letting their doctors control their health with no real relief, people are taking this natural approach. They are staying active and independent as they age - and creating a bright future they are excited about, instead of fearing. Now you too can enjoy your best years yet.

Conventional Treatments All Wrong

In America, drugs and other OTC formulas try to superficially suppress the symptoms. This may be going after the problem completely wrong. Traditional Chinese Medicine (TCM) believes nerve problems are largely caused by stagnant blood circulation. This causes your legs and feet NOT to get enough oxygen-rich,

At Last - You Don't Have To Suffer Anymore

Here's why you have these problems: Your arteries have weakened. Your arteries can't carry enough blood, nutrients and oxygen down to your legs and feet. This damages your nerves and causes your burning, tingling and numbness.

The 7 herbs in the pill NeuroFlo strengthen your arteries that carry blood, nutrients and oxygen to your feet and legs. It improves your circulation so oxygenated blood goes to the nerves and repairs them. This makes your nerves grow stronger so your pain fades away and your legs and feet feel much younger again.

These Chinese herbs provide fast relief of leg and feet tingling, burning and numbness. They do this by improving the flow of blood, nutrients and oxygen to your legs and feet to repair damaged nerves.

Popular CoQ10 Pills Leave Millions Suffering

Could this newly-discovered brain fuel solve America's worsening memory crisis?

PALM BEACH, FLORIDA — Millions of Americans take the supplement known as CoQ10. It's the coenzyme that supercharges the "energy factories" in your cells known as *mitochondria*. But there's a serious flaw that's leaving millions unsatisfied.

As you age, your mitochondria break down and fail to produce energy. In a revealing study, a team of researchers showed that 95 percent of the mitochondria in a 90-year-old man were damaged, compared to almost no damage in the mitochondria of a 5-year-old.

Taking CoQ10 alone is not enough to solve this problem. Because as powerful as CoQ10 is, there's one critical thing it fails to do: it can't create new mitochondria to replace the ones you lost.

And that's bad news for Americans all over the country. The loss of cellular energy is a problem for the memory concerns people face as they get older.

"We had no way of replacing lost mitochondria until a recent discovery changed everything," says Dr. Al Sears, founder and medical director of the Sears Institute for Anti-Aging Medicine in Palm Beach, Florida. "Researchers discovered the only nutrient known to modern science that has the power to trigger the growth of new mitochondria."

Why Taking CoQ10 is Not Enough

Dr. Sears explains, "This new discovery is so powerful, it can multiply your mitochondria by 55 percent in just a few weeks. That's the equivalent of restoring decades of lost brain power."

This exciting nutrient — called PQQ (*pyrroloquinoline quinone*) — is the driving force behind a revolution in aging. When paired with CoQ10, this dynamic duo has the power to reverse the age-related memory losses you may have thought were beyond your control.

Dr. Sears pioneered a new formula — called **Ultra Accel II** — that combines both CoQ10 and PQQ to support maximum cellular energy and the normal growth of new mitochondria. **Ultra Accel II** is the first of its kind to address both problems and is already creating huge demand.

Over 47 million doses have been shipped to men and women across the country and sales continue to climb for this much sought-after brain fuel. In fact, demand has been so overwhelming that inventories repeatedly sell out. But a closer look at **Ultra Accel II** reveals there are good reasons why

sales are booming.

Science Confirms the Many Benefits of PQQ

The medical journal *Biochemical Pharmacology* reports that PQQ is up to 5,000 times more efficient in sustaining energy production than common antioxidants. With the ability to keep every cell in your body operating at full strength, **Ultra Accel II** delivers more than just added brain power and a faster memory.

People feel more energetic, more alert, and don't need naps in the afternoon. The boost in cellular energy generates more power to your heart, lungs, muscles, and more.

"With the PQQ in Ultra Accel, I have energy I never thought possible at my age," says Colleen R., one of Dr. Sears's patients. "I'm in my 70s but feel 40 again. I think clearly, move with real energy and sleep like a baby."

The response has been overwhelmingly positive, and Dr. Sears receives countless emails from his patients and readers. "My patients tell me they feel better than they have in years. This is ideal for people who are feeling old and run down, or for those who feel more forgetful. It surprises many that you can add healthy and productive years to your life simply by taking **Ultra Accel II** every day."

You may have seen Dr. Sears on television or read one of his 12 best-selling books. Or you may have seen him speak at the 2016 WPBF 25 Health and Wellness Festival in South Florida, featuring Dr. Oz and special guest Suzanne Somers. Thousands of people attended Dr. Sears's lecture on anti-aging breakthroughs and waited in line for hours during his book signing at the event.

Will Ultra Accel II Multiply Your Energy?

Ultra Accel II is turning everything we thought we knew about youthful energy on its head. Especially for people over age 50. In less than 30 seconds every morning, you can harness the power of this breakthrough discovery to restore peak energy and your "spark for life."

So, if you've noticed less energy as you've gotten older, and you want an easy way to reclaim your youthful edge, this new opportunity will feel like blessed relief.

The secret is the "energy multiplying" molecule that activates a dormant gene in your body that declines with age, which

then instructs your cells to pump out fresh energy from the inside-out. This growth of new "energy factories" in your cells is called mitochondrial biogenesis.

Instead of falling victim to that afternoon slump, you enjoy sharp-as-a-tack focus, memory, and concentration from sunup to sundown. And you get more done in a day than most do in a week. Regardless of how exhausting the world is now.

Dr. Sears reports, "The most rewarding aspect of practicing medicine is watching my patients get the joy back in their lives. **Ultra Accel II** sends a wake-up call to every cell in their bodies... And they actually feel young again."

And his patients agree. "I noticed a difference within a few days," says Jerry from Ft. Pierce, Florida. "My endurance has almost doubled, and I feel it mentally, too. There's a clarity and sense of well-being in my life that I've never experienced before."

I guess I was a little bored. For the past hour, I'd been on the phone with Daniele, the head of my office in Italy, reviewing our latest purchases of Italian gold, Murano glass and Italian-made shoes and handbags.

"Daniele," I said, "What is the hottest jewelry in Italy right now?"

His reply? Woven gold bracelets studded with jewelry. He texted me some photos and I knew immediately that this was jewelry that Raffinato just had to have.

RAFFINATO IS ONE OF AMERICA'S LARGEST RETAILERS OF ITALIAN-MADE JEWELRY

Presenting the Italiano Fantasia Bracelets, two designs that are prime examples of Italy's finest artisanship. Each of these bracelets includes more than 20 brilliant cut gems of DiamondAura®, our Ultimate Diamond Alternative®, in a setting finished with 18 karat Italian gold.

What is DiamondAura®? Why, it's a sparkling marvel that rivals even the finest diamonds (D Flawless) with its transparent color and clarity: Both are so hard they can cut glass. Don't believe me? The book "Jewelry and Gems: The Buying Guide," praised the technique used in our diamond alternative: "The best diamond simulation to date, and even some jewelers have mistaken these stones for mined diamonds," it raved.

The best part about these bracelets? The price. Because of our longstanding connections in Arezzo, the mecca of Italian goldsmithing, we can offer both bracelets together for just \$99, a fraction of the price you'll pay anywhere else for similar jewelry.

Order today. These bracelets are one of our hottest sellers this year, and with disruptions in the supply chain, we can only guarantee that we have 1,273 861 of these bracelets on hand for this ad.

A Time of Porpoise

A memorable beach moment: You're basking in the warm sun, toes in the sand, letting the gentle turn of the foam-capped waves lull you into a state of complete relaxation. As your eyes scan the endless horizon of blue on blue, you're rewarded with a pod of dolphins making their way across the sea.

There's no denying their signature shape as they leap from the water. If you don't see anything else extraordinary the rest of day, you can take solace knowing you've witnessed one of nature's most playful and human-like creatures in their natural habitat.

Why not re-create that special moment with our **Balinese Dolphin Pendant**? We've captured two dolphins mid-jump in sterling silver crafted in the Balinese style. Tucked between these beloved sea mammals is a full carat of shimmering blue topaz. Made by some of Indonesia's finest artisans, this pendant is an absolute steal at **JUST \$29!** That's what we call our Stauer **IMPOSSIBLE PRICE!**

Nothing captures the shimmering color of the ocean in the midday sun like blue topaz. With its sparkling, clear blue color and high reflective index, blue topaz is one of the world's top-selling gemstones. The Gemological Institute of America lauds topaz for its hardness, noting that blue topaz is known for its intense color that's better than aquamarine. With this special price, you can score quite the catch.

Satisfaction guaranteed or your money back. Enjoy the Balinese Dolphin Pendant for 30 days. If it doesn't pass the test swimmingly, send it back for a full refund of the item price.

Limited reserves. This pendant is already one of our best sellers this year. A full carat of genuine blue topaz set in .925 sterling silver for this price is as rare as a dolphin sighting. We cannot guarantee availability for long. Call today! This offer is limited to the first 1,900 responders to this ad!
