FX DELIVERS AN EPIC "FEUD"

Naomi Watts And Tom Hollander Lead An All-Star Cast.

By Ryan A. Berenz

PAUL DUKOVIC/PHOTOGRAPHY

In a scene from the new eight-episode season of FX's *Feud* (Wednesdays beginning Jan. 31), writer Truman Capote (Tom Hollander) explains the sobriquet he gave to his inner circle of high-society lady friends.

"They are swans. Beautiful and unruffled above the water, stunning, singular, gliding through the pond of society," he says. "But God gave them too much baggage, you see. Underneath the crisp surface of the water, they have to paddle twice as fast and vigorously as an ordinary duck just to stay afloat. It's a great burden only some can bear."

Feud: Capote vs. The Swans, based on Laurence Leamer's *Capote's Women: A True Story of Love, Betrayal, and a Swan Song for an Era*, chronicles the *In Cold Blood* author's time among *The Swans* and how a thinly veiled exposé he published shattered their trust and led to his exile.

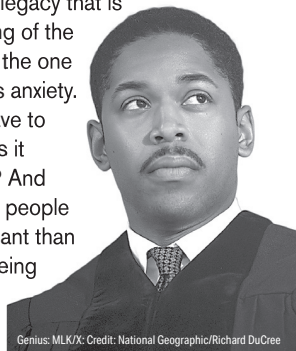

"The Swans loved to have Truman's attention to create a sort of muse experience, but at the same time, they loved him because he was such

an incredible entertainer, a true eccentric," says Naomi Watts, who stars as Babe Paley and also executive produces. "But for these women — they were smart, yet I think there was this naivete or a blind spot. They assumed he would never go for the jugular and do the dirty on them."

Feud has moments in which one can't help but to step out of the story and realize the magnitude of talent seated at a single table or mingling in one frame of action in a party scene. In addition to the remarkable cast, *Feud* boasts what Watts calls "a brilliant, blow-your-doors-down kind of trio" in EP Ryan Murphy, director Gus Van Sant and writer Jon Robin Baitz. "And then you've got this incredible cast," Watts says. "I've also grown up watching and admiring all of these actresses, endlessly, for different reasons." Watts also praised Hollander for his take on the role that Philip Seymour Hoffman won an Oscar for in *Capote*. "I think Tom had the opportunity in this longer format to do something quite special, and I know he will move audiences in extraordinary ways."

Nat Geo's "Genius" Explores Two Icons

Nat Geo's award-winning anthology series *Genius* will focus on two iconic geniuses — Martin Luther King Jr. and Malcolm X — and how their dueling philosophies helped usher America through the Civil Rights Movement. The eight-part series *Genius: MLK/X*, beginning Thursday, Feb. 1, features Kelvin Harrison Jr. (*The Trial of the Chicago 7*) as King and Aaron Pierre (*The Underground Railroad*) as Malcolm. "[King's] story has been told so many times over by actors, documentarians, etc.," shares Harrison. "So, my question for myself was, 'What am I contributing to his legacy that is expansive to what we have already been privileged to receive?' The writing of the show is exciting because it was truly about a man who had a calling, and the one who has been called is not always prepared to go on that journey. There's anxiety. There's fear. There's impostor syndrome. There's that desire that we all have to just live with the person we love or our children or our families. What does it feel like to overcome personal obstacles for your calling, for your people? And if I could answer those questions for myself, then I feel like so many other people would be able to identify with him as well, and that would be more important than receiving him as only a legend. We would be receiving him as a human being who was humble and selfless enough to give himself to a cause much greater than him, and that's what I felt I could contribute to his legacy."

“Loveuary” With Jane Austen Airs Saturdays In February

Hallmark Channel is back with its annual celebration of love just in time for Valentine’s Day. This year, all four original movies will be inspired by the work of Jane Austen, the beloved author of several 19th century classic novels critiquing marriage in high society. The new films include *Paging Mr. Darcy* (Feb. 3), *An American in Austen* (Feb. 17), a Hallmark Mahogany presentation of *Sense and Sensibility* (Feb. 24), and *Love & Jane* (Feb. 10), which follows a career woman (Alison Sweeney) and leader of her local Jane Austen book club who is stuck in life and love but finds guidance from her literary hero after she suddenly appears in her living room and helps her move forward in more ways than one. “It’s a different angle,” says Sweeney of her character, Lilly, who, when her date accuses her of not being of this generation, charmingly expresses, “Well, who wants to be? TikTok is something a clock does.”

“The story is really about Lilly learning who she is and working on herself and just seeing herself in a new way that allows love to come into her life, as opposed to finding the right guy,” Sweeney adds. “And we’re all learning a little lesson from Jane Austen along the way.” — *Zhanna Stor*

I Wasn’t Expecting A Baby!

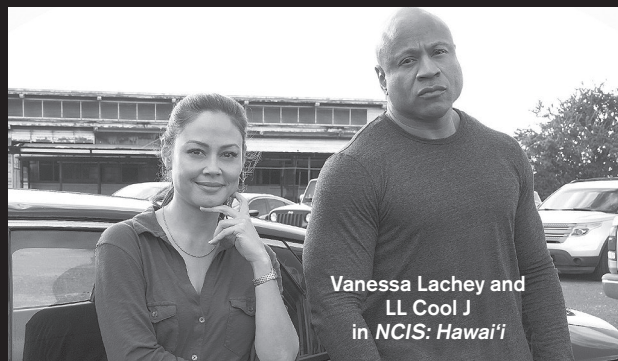

To hear you’re having a baby when you had no idea is one thing, but to hear you are having a baby, like, right now — absolutely shocking. “It continues to blow my mind every single time I see a story,” tells executive producer Jesse Light of Lifetime’s new *I Wasn’t Expecting a Baby* (Thursdays beginning Feb. 8). She’s talking about cryptic pregnancies, where a woman is clueless that she’s pregnant until she is basically giving birth. The stats on it are even more staggering, as one in 2,500 pregnancies are cryptic, and for some women they had a somewhat normal menstruation cycle the entire time. Lifetime shares these unbelievable stories in this fast-paced, almost edge-of-your-seat series. Unique to the series is the actual format of the show that includes each woman’s social media posts (photos and videos) so viewers can clearly see how these pregnancies could go undetected. — *Barb Oates*

Vanessa Lachey and
LL Cool J
in *NCIS: Hawai'i*

CBS will premiere the new seasons of both **NCIS** and **NCIS: Hawai'i** on Monday, February 12. First up at 9 PM ET/PT is the 21st season premiere of *NCIS* with the team having to help Torres (Wilmer Valderrama) when he puts his future at stake by confronting the man who tormented his family when he was a child. Then at 10 PM ET/PT, it's the 3rd season premiere of *NCIS: Hawai'i*. After passing her medical and psych evaluations, Jane Tennant (Vanessa Lachey) is surprised to see Sam Hanna (LL Cool J), reprising his role from *NCIS: Los Angeles*, as he needs to conduct her final interview to clear her return to work. Also, when the team discovers a breach in the U.S. Marshal's database, Sam joins Tennant in Las Vegas to locate the hacker. Both these episodes are also available the next day on demand for Paramount+ Essential subscribers.

The History Channel® will premiere its new 1-hour documentary ***The Harlem Hellfighters*** on Sunday, February 4 at 9 PM ET/PT. Executive produced and narrated by *Good Morning America* co-anchor Robin Roberts, the documentary reminds us of the sacrifice, bravery and contributions of one of World War I's fiercest military regiments. This empowering special explores the leadership and valor of the 15th National Guard, formed in 1916, which would become a part of the 369th Infantry. Known as the Harlem Hellfighters, they were a relentless, fearless, and innovative military regiment formed to help France and Great Britain defeat Germany and preserve their democracy. Having spent 191 days in combat during World War I, more than any other American unit, these soldiers proved their patriotism and bravery in battle time and time again. In the face of near impossible odds, they achieved what needed to be done.

On Wednesday, February 7, **ABC** will debut new episodes of its fan-favorite comedies, ***The Conners*** at 8 PM ET/PT, followed by ***Not Dead Yet*** at 8:30 PM ET/PT. Then at 9 PM ET/PT, it's a special one-hour premiere of the Emmy® Award-winning ***Abbott Elementary***. ABC then tops off this fun Wednesday night lineup with its new unscripted courtroom comedy series ***Judge Steve Harvey***.

ALL-NEW mobility technology

Introducing the world's lightest mobility scooter with anti-tip technology

The So Lite® Scooter is easy to transport and almost impossible to tip over.

Like millions of older Americans, I struggle with mobility. For years, I watched my quality of life slip away, as I was forced to stay home while friends and family took part in activities I'd once enjoyed. I thought I'd made some progress when I got a mobility scooter, but then I realized how hard it was to transport. Taking it apart and putting it back together was like doing a jigsaw puzzle. Once I had it disassembled, I had to try to put all of the pieces in the trunk of a car, go to wherever I was going, and repeat the process in reverse. Travel scooters were easier to transport, but they were uncomfortable and scary to drive, I always felt like I was ready to tip over. Then I found the So Lite® Scooter. Now there's nothing that can hold me back.

Years of work by innovative engineers have resulted in a scooter that's designed with seniors in mind. They created Electronic Stability Control (ESC) that makes it virtually impossible to tip over. If you try to turn too quickly, the scooter automatically slows down to prevent it from tipping over. The battery provides powerful energy at a fraction of the weight of most batteries. With its rugged yet lightweight aluminum frame, the So Lite® Scooter is the most portable scooter

INDIA DE BEAUFORT

Of NBC's "Night Court"

By Jacqueline Cutler

© 2024 NBC Universal Media, LLC

India de Beaufort, who plays prosecutor Olivia Moore in the Tuesday night NBC series *Night Court*, was just old enough to have been able to catch the end of the Emmy-winning sitcom when it was first on in the 1980s and early '90s, but growing up in Surbiton, a suburb of London, de Beaufort hadn't. Once cast as the jaded lawyer, she binged all 193 episodes. As the reboot continues its second season, de Beaufort, whose credits include the reimaged *One Day at a Time* and *Veep*, answers our "5 Questions."

1. Do you have to tamp down your natural accent to play this tough cookie from New York City? No, I have a lazy ear. It's actually problematic because every time I go home, I'm told I still have a twang, a sort of softened American tone. But when I arrive, my mom gets me right back into shape.

2. How do you describe Olivia? In the early part of the first season, I would describe her as ambitious, caffeinated. She is very self-obsessed and isolates herself. She's very much an introvert. But there's also something about her that's brave and fearless and feisty. ... But she's also vulnerable, lonely and afraid, and we start to see that she has a big heart and a sense of loyalty.

3. Tell us about a time when you were starstruck. Both my parents were in the entertainment industry (mom an actress, dad a dancer), so I was one of those kids that it wasn't so out of my realm to see somebody that I recognized from somewhere. But I did stand behind Paul McCartney at a bar once. And I thought, "Currently I am standing behind Paul McCartney." I didn't say anything. That's not my style, but I was very happy to have been breathing the same air.

4. What are some of the other jobs you've had before making it as an actress? I have done everything from paper round [newspaper delivery] to washing hair at a salon. I worked at Ted Baker selling clothes. I have handed out flyers. I pretended to be Audrey Hepburn at a car show. I was Sleeping Beauty in the Harrods Christmas Parade, which is far less glamorous than it sounds. I've worked at a flea market. I've stacked shelves.

5. What is the ideal day for you? One that involves being with all of my family, somewhere beautiful and relaxing and playing games and just being together with my husband [Todd Grinnell] and son and all of my family. And the other version is, I guess, professionally. I think if I could spend a day performing on Broadway or something with a live audience where there's singing and dancing and costumes, that would be the other end of the spectrum.

YOUR ULTIMATE SILVER DOLLAR SET

150 Years of Iconic U.S. Silver Dollars from the Morgan to the Silver Eagle

We've done the work for you with this 5-Pc. U.S. Silver Dollar Set. Each of these U.S. Silver Dollars is sought-after by collectors individually, but this set includes every design of U.S. Silver Dollar in American history, issued from 1878 to 2024!

Morgan Silver Dollar: First struck in 1878, the Morgan has a historic legacy as the coin that helped build the American West. Minted until 1904, then again in 1921, this 90% silver coin with its iconic Lady Liberty design is the most collected vintage Silver Dollar in the world. Extremely Fine (XF) condition coin included in set.

Peace Silver Dollar: Memorializing peace following the end of World War I, the 90% silver Peace Dollar was intended as a one-year only release struck in 1921—but it proved so popular with the American people, it was struck until 1928, then again in 1934-35. Extremely Fine (XF) condition coin included in set.

Eisenhower Dollar: The last circulating U.S. dollar coin, the Eisenhower Dollar, aka the "Ike Dollar," with its design featuring war hero President Dwight D. Eisenhower, backed by an image symbolizing the Apollo II moon landing. Struck in silver from 1971-1976, the Eisenhower Dollar in this set was struck in 40% silver for collectors, and you will receive a coin in Brilliant Uncirculated (BU) condition.

Silver Eagle Type 1: The first-ever U.S. Silver Dollar minted in 99.9% silver, these coins were first minted in 1986 following President Ronald Reagan's signing of the

Liberty Coin Act into law on July 9, 1985, which authorized the U.S. Mint to strike America's new silver bullion coin. This gorgeous Silver Dollar features the original, reversed Type 1 "Heraldic Eagle," and a Brilliant Uncirculated (BU) condition coin is included in set.

Silver Eagle Type 2: In honor of the popular 99.9% silver coin's 35th anniversary in 2021, the Silver Eagle received a new, esteemed Type 2 "Eagle Landing" reverse design. This is the current issued coin by the U.S. Mint. Brilliant Uncirculated (BU) condition coin included in set.

Jonathan Banks, an Aquarius (born Jan. 31), of "Better Call Saul"

ARIES (March 21 - April 19)
You've been an absolute powerhouse so far in 2024. As January becomes February, this isn't going to change. Keep your eye on the prize in terms of what you want out of life and your career. New circles your rubbing shoulders with may be the breakthrough you're looking for.

TAURUS (April 20 - May 20)
If you've reached the point in your life where you're feeling a deep dissatisfaction with where things are at, then great! This is the point where you know something needs to change. You're not good at change, however. This week, at least broaden your perspectives. Take baby steps toward bigger possibilities.

GEMINI (May 21 - June 20)
It's likely you've been yearning for something...more. This may be a place, a piece of knowledge or wisdom you've been seeking or a spiritual pathway. This week, an avenue of possibility opens up. Allow your mind to explore endless possibilities. Whatever you've been curious about may change your life!

CANCER (June 21 - July 22)
Much of this week is going to be about sorting out the nitty gritty within a key relationship in life or in business. Things are changing, but what does that look like? This includes emotionally, energetically and financially. You don't have a lot of energy so be gentle with yourself.

LEO (July 23 - Aug. 22)
Relationships are taking on a whole new persona right now. You're getting an up close and personal experience of what real connection looks like. Lessons will be learned. Authenticity is everything. Go ahead, still be your radiant generous self. Be mindful that not everyone is interested in knowing your heart.

VIRGO (Aug. 23 - Sept. 22)
A lot of people are back into the routines and rhythms of 2024 and real life

now. However, you're still wanting to have fun! This week, enjoy the best that life has to offer. Be creative. Be joy. Be love! Live life to the fullest while you still can.

LIBRA (Sept. 23 - Oct. 22)
'Tis your season to love, play and enjoy the best that life has to offer. But, it's February, you might ask? The holidays are over now? That said, you don't have to do what everyone else is doing. In fact, don't! When it comes to joy, do it on your terms.

SCORPIO (Oct. 23 - Nov. 21)
You may be surprised by just how much you've achieved now that it is February already. You've been working hard, tweaking your daily routines and rhythms, making sure things are working as efficiently as can be. Keep making adjustments if need be. If something ain't broke, don't fix it.

SAGITTARIUS (Nov. 22 - Dec. 21)
Another day, another dollar. For what probably feels like for too long now, this is what your daily life has been about. Don't be mistaken though. Everything you do is earning you compounding interest one way or another, even if you're tired. Keep your chin up, breakthroughs are on the horizon.

CAPRICORN (Dec. 22 - Jan. 19)
I hope you're still feeling the motivation you felt under your New Year resolutions. On all astrological accounts, you should be still firing on all cylinders. With Mars in your sign, you've been powering away and are unstoppable. Soon the weather will change. Stay true to the commitments you made to yourself.

AQUARIUS (Jan. 20 - Feb. 18)
This is it! You're now at that point in your personal evolution where you get to decide to change or stay the same. So what's it gonna be? As hard as it may be for you, things are changing. Personal growth is actually a beautiful thing so honor the process.

PISCES (Feb. 19 - March 20)
We are only one month into 2024 but you may have noticed how different it feels. Sure, you're not out of the woods for quite a while just yet. However, the effort you made last year gave you the momentum you're enjoying now. Keep at it, your determination will reward you.

"B&B's" Thorsten Kaye Wins Daytime Emmy But Becomes Embroiled In Attempted Murder Plot

The Bold and the Beautiful is sending its fans an important message in light of a recent real-life soap opera attempted murder plot! "Dear [B&B] fans," began a post on the show's X account. "A gentle reminder that our cast/crew/staff will NEVER solicit you personally for money or anything else. If you are being contacted by someone portraying themselves as a cast member, please report them immediately to X and/or to local authorities. We appreciate our fans very much and thank you for watching!"

What prompted this message? A woman named Roxanne Doucette of Townsend, Massachusetts, is facing a variety of charges including attempted murder because investigators claim that a person pretending to be Thorsten Kaye (Ridge, *B&B*) urged her to poison her husband, Paul Doucette.

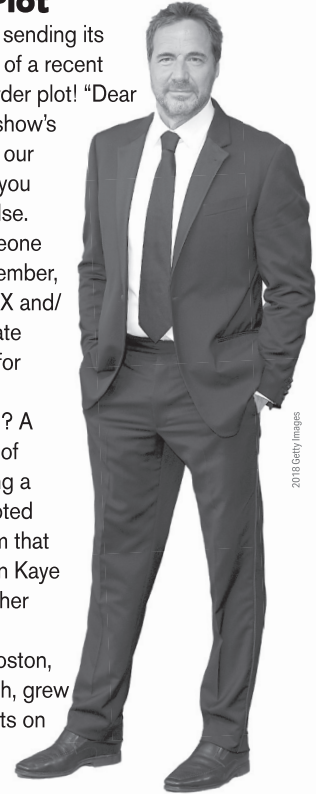

According to WCVB-TV in Boston, the couple's daughter, Nicole Heath, grew suspicious after seeing curious texts on her mother's (Roxanne Doucette) phone regarding harm coming to her father. Paul Doucette was hospitalized after ingesting some soup that his wife allegedly prepared for him.

Authorities say that a message from a person claiming to be "Thorsten" (Kaye) urged Roxanne to get rid of her husband. "I need you so much," a text to her read. According to reports, Roxanne texted back: "Making an amazing soup. Special potion. He will be hungry when he gets back. Just enough for him."

After becoming unresponsive, Paul was taken to a hospital. He later told police that the soup his wife prepared for him tasted bitter. Roxanne has said that she was sharing texts with someone who claimed to be Kaye and she had been scammed out of \$8,000.

"I would not hurt anyone," Roxanne said. "[Thorsten] was saying that they loved me and they wanted me to leave my husband, but I had no intentions of leaving my husband. I love my husband very much."

Kaye made happier headlines in December for winning the Daytime Emmy for Lead Performance in a Daytime Drama Series: Actor for playing Ridge. Jacqueline MacInnes Wood (Steffy, *B&B*) won her third Daytime Emmy for Lead Performance in a Daytime Drama Series: Actress. *General Hospital* took home its 16th Daytime Emmy for Best Drama Series along with six other awards. Susan Lucci (ex-Erica Kane, *All My Children*) was bestowed the award for Lifetime Achievement.

WILL APPLE TV+ SHOWS COME TO NETWORK TV?

@TVGMMattRoush

Question: The miniseries *The Last Thing He Told Me* was on Apple TV+ and I would like to know if it will ever be on regular TV? Or out on DVD? –Alice P.

Matt Roush: Regular (as in network or cable) TV? Doubtful. One of the reasons series like this remain exclusive to the streamer is to lure people into the tent. Some of Apple's series and movies have been released on DVD, but that market isn't what it used to be, and it will be up to the show's distributor and producers whether to invest in a physical product. Keep looking on Amazon and other platforms that sell DVDs to see if it ever becomes available.

Comment: It was great to see that you ranked broadcast comedies in your Top 10 (*Abbott Elementary* and *Ghosts*). Too many critics ignore network shows. –Fred

Matt Roush: The companies running the networks don't make it easy, putting so much of their most interesting content on their streamers, but when shows pop the way *Abbott Elementary* and *Ghosts* do – and I can't wait to have them back in February – I'm happy to give them credit.

The Conners

8 pm on ABC

Season Premiere

It looks like things are heating up between Becky (Lecy Goranson) and her new boyfriend, Tyler (Sean Astin), in this season premiere. Life continues as usual in Lanford for the Conners, including Dan (John Goodman) and Darlene (Sara Gilbert).

Tournament of Champions

8 pm on FOOD

When connected to the culinary arts, the term "sudden death" usually implies food poisoning. But when Guy Fieri brings together some of the world's best chefs for a single-elimination tournament, they develop an unsatiated taste for battle.

Nature

8 pm on PBS

As part of a conservation movement, this documentary shows a growing number of bird lovers, experts and citizen scientists mobilizing in order to understand the changing world in which migratory shorebirds must continue to adapt in order to survive.

Abbott Elementary

9 pm on ABC

Season Premiere

Unfortunately, due to the writer's strike, "Abbott Elementary's" winter break lasted longer than expected. Fortunately, Miss Janine Teague (Quinta Brunson) is back with a hall pass and ready to check homework for this special one-hour Season 3 premiere.

CHEERS TO SATURDAY NIGHT LIVE

for relying on its natural resources. Kate McKinnon's (above left, in a sketch with musical guest Billie Eilish) killer return as host on

December 16 has us wishing NBC's late-night staple would give the gig to more of its outstanding alumni instead of dry A-listers, like the bland Bad Bunny or dull Austin Butler.

CHEERS TO JEOPARDY!

for getting it right. Mayim Bialik (above) was a brainy joy, but having two hosts and so much fan friction over the shared situation pulled focus from the game. Now that it's just Ken Jennings at the podium, we can get back to feeling like geniuses whenever we correctly answer a \$2,000 question.

follow Cheers & Jeers

JEERS TO FREEFORM

for flipping the script...into the trash can. By canceling the twisty *Cruel Summer* (with Lexi Underwood and Sadie Stanley, below) and *The Fosters'* beloved spinoff *Good Trouble*, the network formerly known as ABC Family now has zero scripted content. Might be time to change their name again. Maybe NoForm? BadForm?

100 Men Test New Prostate Pill For 12 Weeks - Results Shock Docs

Participants in clinical trial experience dramatic reduction in trips to the bathroom, dribbling, nighttime urgency, and improved urine flow. Results seen in as little as 14 days with 87% success rate, safe and side-effect free

A new pill brings hope to millions of men with prostate problems. After 14 years of clinical testing across 3 international hospitals this new solution is now available, and the results are shocking.

Men over 50 taking the pill are seeing a dramatic reduction in the need to "go". Users are seeing up to 85% less trips to the bathroom. It's working around the clock during the day and when sleeping at night.

The new pill is called **FORTAPROST™**. It is proven safe and free of side-effects. And top Urologists are now recommending their patients take this pill instead of costly prescriptions with lousy side effects.

The active ingredient is an herb extracted phyto-nutrient that targets the urinary cells specifically within the prostate and bladder in a remarkable way.

"FORTAPROST is showing a whole host of benefits for men's urinary health. It helps support a normal sized prostate. Its ability to reduce bathroom trips during the day and overnight, plus cut back on accidental leaks, stop and go streams and promotes a steady urine flow for complete emptying of the bladder makes this a truly ground-breaking solution. I've never seen anything like it." Said Dr. Jacob Moss, a leading Urologist from Illinois.

NEW RESEARCH BRINGS HOPE TO MEN WITH AN AGING PROSTATE

The medical research team behind the amazing discovery knew it was a true success after two findings. Its ability to help support a normal sized prostate. As well as its ability to bring relief from bladder emptying trouble, poor urine flow, and constant urgency to go urinate.

This has helped many older men break free from RX treatments that have terrible side effects. Many are reporting they can sleep throughout the night without disruption. Feeling much better in the morning.

"I'm 68 and have been having problems with my prostate for 13 years. I have tried virtually every product out there with no success and finally had to go to a Urologist, who put me on 2 prescription meds. The meds worked but with side effects that were terrible! When I saw FORTAPROST™ in the paper, I was very skeptical after trying everything out there over the years, but I thought what do I have to lose! This product has turned my life around, and I'm so grateful! Thanks for a new lease on life" says Paul Dill from Louisville, KY.

The American Urological Association estimates – more than HALF of men over 50 in the United States live with frustrating prostate troubles. "Many avoid discussing it with their doctor. However, these symptoms can ruin your bedroom life, and neglecting prostate issues can lead to infections, kidney stones and surgery," Says Dr. Moss

With over 40,000 doses of FORTAPROST™

shipped across the country, there's no doubt that this new solution has struck a chord with frustrated men.

BREATHROUGH CLINICAL RESULTS

The research behind the new pill was performed at 2 Urological clinics backed by 3 hospitals on 100 men with an average age of 62. All participants suffered from prostate symptoms. Results from the trials were shocking...

Users of the active ingredient in FORTAPROST™ saw major changes. Within 12 weeks users experienced relief from urgency to "go" and improved urinary function – all without side effects! Trial Users reported less need to urinate during the day and night. In particular they showed:

- Less frequent urgency to urinate
- Fewer bathroom trips at night
- Improvements with dribbling and leaking urination
- Healthier urine stream and stream that stops and starts
- Improved sensation of emptying the bladder
- More sleep satisfaction
- Improvements starting within 14 day

Urologists were amazed that a striking 87% of users said all their symptoms "significantly improved" and would continue to take the powerful pill at the end of the clinical trial.

The results were recently published for all to see in the world renown Crescent Medical Journal.

PROMOTES HEALTHY PROSTATE AND STRONG BLADDER IN AMAZING WAY

Scientists made the discovery by extracting a new nutrient from the roots of the plant, *Urtica dioica*. Found in parts of New Zealand, the extracted compound is very powerful for the aging prostate.

The active ingredient is believed to stimulate nitric oxide which increases blood flow to the prostate and bladder. This increases the strength and elasticity of the region which gives the bladder more strength to hold fluid, while reducing inflammation helping promote a normal sized prostate.

An enlarged prostate causes the bladder to strain harder, weakening the muscles. By strengthening the bladder and reducing inflammation in the prostate the urinary function can improve and symptoms are relieved.

According to Dr. Moss, the ability to promote healthy prostate size, as well as strengthening the bladder muscle that's been weakened from straining and aging is what makes FORTAPROST™ so effective.

It seems the sales have been booming for FORTAPROST™ because it reduces the number of urinations and leakages significantly, and safely. Without the need for diapers or expensive prescriptions, riddled with side-effects. In fact, only side-effect from improved prostate health from FORTAPROST™ is men are seeing erectile function improvements.

HEALTHY PROSTATE SIZE + STRENGTHENS BLADDER: Top Urologists recommend new FORTAPROST™ to seniors because it improves urine flow, bladder emptying and cuts number of trips to urinate by 85% without side effects. All-natural alternative is safe, doctor approved, and noticeable results seen within 14 days of starting.

TOP DOCTORS ARE PLEASANTLY SURPRISED

"9 out of 10 seniors saw major progress with their prostate and bladder symptoms in 90 days of taking FORTAPROST™. Many witnessed results as quickly as 14-days. Those numbers are quite remarkable." Said Dr. William Shelton, a medical doctor from Seattle.

"I'm impressed with how FORTAPROST™ can cut down the frequency of urination while improving urine flow and bladder emptying. Not to mention, its safe, natural and drug-free. This makes it a great option for older men in support of their prostate and bladder." Said Dr. Eric Wood, a naturopathic doctor from Florida with multiple TV appearances.

"Participants of the clinical study experienced significant improvements to all 5 major symptoms of prostate issues as outlined by the American Urological Association. BETTER THAN BOTOX: Takes Years Off Your Face in Minutes

Women are raving about the life-changing effects of this powerful formula.

There's no denying that people — mostly women — are on a mission to discover the best way to eliminate fine lines and wrinkles permanently. The \$14 billion dollars spent on aesthetic procedures in 2021 alone is a clear indication of that fact.

But now science appears to be offering a simpler solution. It's a special delivery technology adapted for skincare that gets superior results.

Known as advanced liposome technology, this powerful distribution system ensures that vital nutrients are delivered exactly where your skin needs them the most, providing your skin with maximum anti-aging benefits.

New Age-Defying 'Dermal Filler' Cream in High Demand

Al Sears, MD, of Palm Beach, Florida, recently released an anti-aging cream that adapts this breakthrough medical technology into the realm of skincare, and he's struggling to keep up with consumer demand.

Dr. Sears is South Florida's leading anti-aging pioneer. He has authored over 500 reports, scientific papers, and books on anti-aging. A frequent lecturer at global anti-aging conferences, Dr. Sears spoke at the WPBF 25 Health & Wellness Festival featuring Dr. Oz, along with special guest, Suzanne Somers. Thousands of people were in attendance as Dr. Sears discussed his latest anti-aging breakthroughs.

This powerful cream, known as **Restore**, keeps selling out faster than it's produced — and people are raving about the effect it's having on their skin.

"Within a few minutes of applying the cream, it visibly plumps out the under-eye area and my cheeks as well as those annoying lines that deepen as we age between the nose and lips. It also felt like it was tightening and smoothing my skin at the same time. I definitely

feel I look younger whenever I use it," said Amy B., of Montville, New Jersey.

"The lines around my mouth and eyes are filled in and my skin is tightened. I love having younger-looking skin, so I will continue using **Restore**" raves Cathy C., of Florida.

The best part is that this cream has no adverse side effects, doesn't require a doctor's visit or prescription, and is 100% natural.

"Advanced liposome technology ensures that vital nutrients are delivered exactly where your skin needs them the most."

Powerful Delivery System Ensures Nutrients Penetrate Deep into Your Skin

The dermis is the underlying layer of skin that supplies nourishment and oxygen, and removes waste. In other words, it's responsible for keeping your outer layer of skin healthy. Liposome technology is designed to support and nourish this deeper layer of skin by delivering nutrients directly to it.

"All of **Restore's** powerful ingredients are encapsulated in a liposome shell — an organic container that carries the beautifying agents deep into the skin cells," explained Dr. Sears.

"**Restore's** liposome shell is composed of phosphatidylcholine or PC for short. While cell membranes repel water, they absorb PC because they're actually made of it. As a result, **Restore** is delivered deep into the cell for maximum firming and volume."

When you apply liposome cream to your face, the liposomes in the skin cream work their way inside your skin, fuse with the skin

Revolutionary Formula Reduces the Appearance of Wrinkles in Minutes

cell membranes and then release their contents directly to the cells. Regular skin creams don't have this capability.

A Formula Designed to Take Years off Your Face in Minutes

Once it's penetrated the deeper layer of skin, **Restore** releases a unique blend of botanicals, vitamins and essential oils that reduces the appearance of fine lines and wrinkles, gives skin a more even tone, and moisturizes the interior layers of your dermal cells, firming and plumping your skin.

Restore's first skin-enhancing agent is Madonna lily leaf stem cell extract. It helps produce an even-toned complexion. In a clinical study reported in the Journal of Cosmetic Dermatology, participants treated with this extract for 28 days showed improvements in skin luminance and tone around the eyes.

Restore is also loaded with vitamin C, which British researchers have found reduces both wrinkles and dryness. "In **Restore** we use magnesium ascorbyl phosphate, a more stable form of vitamin C that doesn't break down in liquid as does ordinary C," explains Dr. Sears. "That means the antioxidant molecules stay intact within your skin cells where they can prevent damage from dangerous free radicals."

This powerful formula also features guarana seed extract, coenzyme Q10, and avocado oil. Japanese researchers have also found

that coenzyme Q10 supports production of the thin membrane that separates layers of your skin, and French studies have shown that avocado oil improves skin cell metabolism and enhances skin thickness.

Where To Get Restore

Right now the only way to get this powerful age-defying delivery technology is through Dr. Sears.

To get life-changing results like Amy and Cathy, buyers should contact the Sears Health Hotline at **1-800-675-7421**. "We simply don't have enough supply to get **Restore** shipped directly to stores," said Dr. Sears. "The hotline allows us to ship the product directly to the customer — the one who really wants it."

Dr. Sears feels so strongly about this product, that he offers a 100% money-back guarantee on every order. "Just send back the bottle and any unused product within 90 days, and I'll send you your money back," said Dr. Sears.

The hotline will be taking orders for the next 48 hours. After that, the phone number may be shut down to allow them to restock. Call **1-800-675-7421** to secure your limited supply of **Restore**. If you are not able to get through due to extremely high call volume, please try again! Call NOW to qualify for this limited time offer provided at a significant discount. To take advantage of this exclusive offer use Promo Code: **RESTTW12** when you call in.

5 Expert Tips for Choosing Incontinence Underwear

By Judith Miller

Living with bladder leaks can be challenging, but finding the right incontinence underwear can make a big difference in your comfort and confidence. Here are 5 tips that our experts always look for when shopping for better bladder protection:

1. Absorbency: If you tend to have higher absorbency needs, look for “overnight” underwear, whether you plan to use them day or night. Because Market’s Overnight Underwear holds up to 6 cups of liquid, the equivalent of nearly 2 bottles of wine.

2. Leak guards: Leak guards are additional pieces of absorbent material that surround the leg cuffs to prevent unwanted leaks. Always look for products with reinforced leak guards.

3. Skin-friendly materials: Some incontinence underwear can cause irritation and discomfort, especially for those with sensitive skin. Look for latex-free underwear made from soft, breathable materials. Because Market’s pads and underwear are latex-free and sensitive skin-friendly.

4. Fit and comfort: Over 50% of leaks are due to incorrect fit. Look for underwear with a snug, but not too tight fit. Top brands will offer underwear with a range of sizes and fits to ensure maximum comfort. Because Market offers sizes S to XXL.

5. Price: Incontinence underwear can be expensive, so consider the price per piece when shopping for the right product. Some brands will even offer a free pack to try.

Seriously absorbent underwear.

Get bladder leak protection that absorbs up to 6 cups of liquid. That’s 37% more than the leading brand.
