Takes 10 Years Off Your Face in as Little as 10 Minutes

Women are raving about the life-changing effects of this powerful formula.

There's no denying that people — mostly women — are on a mission to discover the best way to eliminate fine lines and wrinkles permanently. The \$14 billion dollars spent on aesthetic procedures in 2021 alone is a clear indication of that fact.

But now science appears to be offering a simpler solution. It's a special delivery technology adapted for skincare that gets superior results.

Known as advanced liposome technology, this powerful distribution system ensures that vital nutrients are delivered exactly where your skin needs them the most, providing your skin with maximum anti-aging benefits.

New Age-Defying 'Dermal Filler' Cream in High Demand

Al Sears, MD, of Palm Beach, Florida, recently released an anti-aging cream that adapts this breakthrough medical technology into the realm of skincare, and he's struggling to keep up with consumer demand.

Dr. Sears is South Florida's leading anti-aging pioneer. He has authored over 500 reports, scientific papers, and books on anti-aging. A frequent lecturer at global anti-aging conferences, Dr. Sears spoke at the WPBF 25 Health & Wellness Festival featuring Dr. Oz, along with special guest, Suzanne Somers. Thousands of people were in attendance as Dr. Sears discussed his latest anti-aging breakthroughs.

This powerful cream, known as **Restore**, keeps selling out faster than it's produced — and people are raving about the effect it's having on their skin.

"Within a few minutes of applying the cream, it visibly plumps out the under-eye area and my cheeks as well as those annoying lines that

deepen as we age between the nose and lips. It also felt like it was tightening and smoothing my skin at the same time. I definitely feel I look younger whenever I use it," said Amy B., of Montville, New Jersey.

"The lines around my mouth and eyes are filled in and my skin is tightened. I love having younger-looking skin, so I will continue using **Restore**" raves Cathy C., of Florida.

The best part is that this cream has no adverse side effects, doesn't require a doctor's visit or prescription, and is 100% natural.

"Advanced liposome technology ensures that vital nutrients are delivered exactly where your skin needs them the most."

Powerful Delivery System Ensures Nutrients Penetrate Deep into Your Skin

The dermis is the underlying layer of skin that supplies nourishment and oxygen, and removes waste. In other words, it's responsible for keeping your outer layer of skin healthy. Liposome technology is designed to support and nourish this deeper layer of skin by delivering nutrients directly to it.

"All of **Restore**'s powerful ingredients are encapsulated in a liposome shell — an organic container that carries the beautifying agents deep into the skin cells," explained Dr. Sears.

"**Restore**'s liposome shell is composed of phosphatidylcholine or PC for short. While cell membranes repel water, they absorb PC because they're actually made of it. As

Revolutionary Formula Reduces the Appearance of Wrinkles in Minutes

a result, **Restore** is delivered deep into the cell for maximum firming and volume."

When you apply liposome cream to your face, the liposomes in the skin cream work their way inside your skin, fuse with the skin cell membranes and then release their contents directly to the cells. Regular skin creams don't have this capability.

A Formula Designed to Take Years off Your Face in Minutes

Once it's penetrated the deeper layer of skin, **Restore** releases a unique blend of botanicals, vitamins and essential oils that reduces the appearance of fine lines and wrinkles, gives skin a more even tone, and moisturizes the interior layers of your dermal cells, firming and plumping your skin.

Restore's first skin-enhancing agent is Madonna lily leaf stem cell extract. It helps produce an even-toned complexion. In a clinical study reported in the Journal of Cosmetic Dermatology, participants treated with this extract for 28 days showed improvements in skin luminance and tone around the eyes.

Restore is also loaded with vitamin C, which British researchers have found reduces both wrinkles and dryness. "In **Restore** we use magnesium ascorbyl phosphate, a

more stable form of vitamin C that doesn't break down in liquid as does ordinary C," explains Dr. Sears. "That means the antioxidant molecules stay intact within your skin cells where they can prevent damage from dangerous free radicals."

This powerful formula also features guarana seed extract, coenzyme Q10, and avocado oil. Japanese researchers have also found that coenzyme Q10 supports production of the thin membrane that separates layers of your skin, and French studies have shown that avocado oil improves skin cell metabolism and enhances skin thickness.

Where To Get Restore

To secure the hot, new **Restore** formula, buyers should contact the Sears Health Hotline at **1-800-675-0580** TODAY. "It's not available in retail stores yet," says Dr. Sears. "The Hotline allows us to ship directly to the customer." Dr. Sears feels so strongly about **Restore**, all orders are backed by a 100% money-back guarantee. "Just send me back the bottle and any unused product within 90 days from purchase date, and I'll send you all your money back."

Call NOW at **1-800-675-0580** to secure your supply of **Restore**. Use Promo Code **RESTTW13** when you call. Lines are frequently busy, but all calls will be answered!

Jane Seymour Catches Us Up On "Harry Wild"

Fans of Jane Seymour will delight to see her hit sleuth series *Harry Wild* get a linear TV debut as new episodes premiere on BBC America, along with streaming service Acorn TV (beginning Monday, May 13). Set in Dublin, the series stars Seymour as Harriet "Harry" Wild, a literature professor turned private investigator. She's paired with an unlikely sidekick, the young Fergus (played by Rohan Nedd), and the two annoy local authorities and crack some unusual cases. Here we catch up with the beloved Seymour.

Previously *Harry Wild* has only been available to stream on Acorn TV. Now a broader audience can see how fun this murder-mystery series is on BBC America, too. Anything newbies need to know?

My character Harry is basically Professor Harriet Wild, and she's been a professor of English literature at Trinity for 30-plus years. She's irritated that her students are more interested in partying than listening to her. So, she quits not knowing what she's going to do. Accidentally she gets mugged while buying a bottle of wine (to have a nice date with a guy), and finds herself recovering at her son's home (her son's a detective). Basically, the premise is that she's able to solve crimes much better than him because he won't listen and she knows her history and literature, and her sidekick [Fergus] was the young man that accidentally grabbed her purse back in the beginning. It's very humorous and they have an amazing relationship, and they end up solving really bizarre crimes.

How much or little of you is actually in your character Harry?

Well, I'd like to say I've read every book that was ever written, but clearly not. But would I like to be that literate? Absolutely. And I do find that when I'm making the show, when I see a quote from *Wuthering Heights*, or wherever it is, I tend to reach for the book or at least the CliffsNotes and go, "Wow, that's really clever." ... But there's nothing boring about her. Especially in Season 3! ... We come up with a lot of the irreverent stuff. I think a lot of the humor in Harry is definitely me. I am actually goofy and wacky, and I love the idea of Harry pretending to be someone else at a moment's notice.

CRAIG T. NELSON

Of CBS' "Young Sheldon"
By Jacqueline Cutler

As *Young Sheldon* comes to an end (Thursday, May 16), the cast is a bit melancholy. Ending a hit show is something Craig T. Nelson has been through before, with the beloved *Coach*. Both characters (Dale, who's Meemaw's beau on *Sheldon*, and Coach Hayden Fox) radiate a sense of decency; these are men you want in your life. Although a spinoff of the CBS sitcom has been announced — and *Young Sheldon* was a spinoff of *The Big Bang Theory* — Nelson did not yet know if his character would be involved. Here Nelson reflects on these beloved comedies as he answers our "5 Questions."

- 1. Did you enjoy playing Coach Hayden Fox?** He had a wildness and vitality that I really liked, a passion for life, tolerance, and a lot of compassion. ... It was just a lot of fun.
- 2. Where do you keep your Emmy Award?** In a corner of the living room.
- 3. Tell us about a time when you were starstruck.** It was 1960, and I was in Spokane. My mom took me to see *Spartacus*, and I just fell in love with Kirk Douglas and Jean Simmons. It was a wonderful experience, and years and years and years later, I am working with Kirk Douglas, and I just could not believe it. I mean, here was a kid from Spokane, looking at a movie star, and I am actually doing scenes with him. Literally, I think I did the whole part with my mouth open. It was originally called *The Lies Boys Tell*. And I think they changed it to *Take Me Home Again*.
- 4. What's your ideal day?** One in which the puppy (a golden retriever) behaves, and I can sit down and do my writing. I am presently writing a book, doing it almost two years now. It's historical fiction, right after the flood, with Noah's three sons, and it follows one of the sons. ... Time to do that or play the guitar. And taking care of the business I have — my youngest son is very involved and has four different projects going, a part of Family Tree, my production company.
- 5. What's a job you had that still influences you?** Probably when I was in the mountains. I worked as a logger. I was a choker setter, the guy who sets the cable around the logs that have felled and they are about three-quarter-inch-thick cable put on a loader. Maya Erskine, a Taurus (born May. 7), of "Mr. & Mrs. Smith"

up for you and the world could be your oyster. Your challenge? You have to open up to a fresh perspective. Ask yourself "what if" and you'll get to see what could be.

LIBRA (Sept. 23 - Oct. 22)
The definition of insanity is doing things over and over expecting a different result. For a while now, you've been a major pattern breaking cycle. Now it's time to try something new when it comes to your money, debts and investments. Stability comes from doing something outside the box now.

SCORPIO (Oct. 23 - Nov. 21)
Relationships are highlighted now. If you're tired of the drama and familiar patterns, you need to change them. Single? Ditch the tire kickers and call in your King / Queen. Partnered? A surprise or out of the blue gesture may excite. Don't settle for the status quo in relationships this week.

SAGITTARIUS (Nov. 22 - Dec. 21)
Life has been crazy busy for you for such a long time. By now, it probably feels like second nature. Soon, the pattern will break and you'll get to enjoy some of the good life for a change. Take some time to conjure up your ideal life and it might happen!

ARIES (March 21 - April 19)
You're surprisingly conservative when it comes to money. For the most part, this works well for you, but you might be questioning that. This week, you have an opportunity to do something so out of character for you, and you may be worried. Make the exact move you need to make.

TAURUS (April 20 - May 20)
Every now and then, throwing caution to the wind is the best course of action. Some may call you frivolous and you might even second guess your decisions. The point is, if what you're doing feels right, why are you even questioning it? If it's worth the chance, go for it.

TAURUS (April 20 - May 20)
Every now and then, throwing caution to the wind is the best course of action. Some may call you frivolous and you might even second guess your decisions. The point is, if what you're doing feels right, why are you even questioning it? If it's worth the chance, go for it.

GEMINI (May 21 - June 20)
You're in two minds. On the one hand, you're chomping at the bit to get to the next exciting phase of life. While on the other, you're oh so tired! This week, rest and restore. Eliminate distractions. Meditate if you can. The choices you're deliberating about require a still mind to solve.

CAPRICORN (Dec. 22 - Jan. 19)
You really do get to have the best of what life has to offer now. Fun, joy and romance... they are all yours for the taking. There is a condition though. You have to do something radically different. Shake a little salt on your life this week and see what can happen!

CANCER (June 21 - July 22)
Whether you like it or not, your friendships both personal and professional are changing. This might feel a little tender as you're such a loyal friend. That said, everyone needs to explore new possibilities and open new doors to opportunities. Being loyal also means being loyal to what you need too.

AQUARIUS (Jan. 20 - Feb. 18)
Your home and family life are under the cosmic radar this week. Whether it's family dynamics or your living situation, a new approach is required. Break through any self-imposed limitations and see what is possible for you. Embrace newness! The life you want happens when you believe it's possible.

LEO (July 23 - Aug. 22)
You're not one to shy away from taking the lead or an opportunity to be seen in your best light. Sometimes, this means taking a course of action that you didn't anticipate. Restlessness may inspire a much-needed change. Make a radical move that pushes your career in a new direction.

PISCES (Feb. 19 - March 20)
As Saturn continues to grind through your sign, that doesn't have to be a reason to not see the bright side of life. In fact, the more you can count your blessings, the more blessings you'll have to count. This week, focus on the little things if you want to feel better.

VIRGO (Aug. 23 - Sept. 22)
You know the saying; opportunities multiply when they are seized? Right now, there are opportunities opening

BY PAUL HALL

Dune: Part Two

Paul Atreides (Timothée Chalamet) and Chani (Zendaya) are in the middle of the sandy expanse and still seeking revenge against the individuals who rose against Atreides' family. As the scope of the journey grows, power is desired by those who would lead for better or worse, but whose best interest does Paul have in mind? Masterfully shot, the footage is glorious on the biggest screen you have. Director Denis Villeneuve has quickly established his rank among the masters. This should be added to everyone's collection. *Rated PG-13 — Available May 14*

CBS Stops "Talk"-ing And Opens "The Gates" To A New Soap Opera! Plus: Familiar Faces Return To "Days Of Our Lives"

The last decade or so hasn't been the best for the soap opera genre with so many shows being canceled. There is now some good news! CBS, home to *The Young and the Restless* and *The Bold and the Beautiful*, is ordering a new soap opera — *The Gates*!

The new daytime drama is a joint venture from CBS Studios and the NAACP in partnership with P&G Studios. The news was announced shortly after CBS revealed that *The Talk*, the CBS daytime talk show that took the time slot of axed sudser *As the World Turns* in 2010, was coming to a conclusion. *The Talk* will return for an abbreviated 15th season in the fall and exit the airwaves in December.

The Gates is set to debut in January 2025; however, the show's specific time slot hasn't been announced. (Many are predicting it will take *The Talk's* place on the lineup.) "*The Gates* follows the lives of a wealthy Black family in a posh, gated community," reads a press release from CBS.

Michele Val Jean, whose credits include *Generations*, *Santa Barbara*, *General Hospital* and, most recently, *The Bold and the Beautiful*, will be the show's writer and executive producer. Sheila Ducksworth, Leon Russell, Derrick Johnson and Kimberly Doebereiner will also serve as executive producers.

What is Val Jean specifically known for writing? She scripted the famous catfight between Maya (Vivica A. Fox) and Doreen (Jonelle Allen) on *Generations*. She also wrote episodes that revisited the controversial rape story with *GH's* Luke and Laura (Anthony Geary and Genie Francis).

Later this year, *Days of our Lives* will pay tribute to the late Bill Hayes, who died in January, when his character Doug Williams' death is written into the show. A host of familiar faces will return for the scripted celebration of Doug's life including Maree Cheatham (Marie), Brandon Beemer (Shawn), Martha Madison (Belle), Matthew Ashford (Jack), Melissa Reeves (Jennifer) and, after a nearly 40-year absence, Gloria Loring (Liz).

In other *Days* news, the show has won the 2024 Writers Guild Award for Daytime Drama writing. Ron Carlivati, head writer, submitted episodes involving the memorial for the late Victor Kiriakis (John Aniston), the 50th anniversary of Suzanne Rogers' debut as Maggie, and John Black (Drake Hogestyn) searching for his true birth father — played by legendary Dick Van Dyke.

WILL WE GET A QUANTUM LEAP MOVIE FINALE?

@TVGMMattRoush

Question: Why does NBC choose to air "high concept" shows, only to cancel them? First *Manifest*, now *Quantum Leap*. At first glance, *QL* looked like a standard reboot, but was more of a sequel. The two-hour season finale was imaginative and impressive. Were the ratings that bad? And could there be a movie finale to wrap it all up? -M.

Matt Roush: To answer the "why," NBC is not alone in digging through their vaults to find "intellectual property" to bring back to life. *Quantum Leap* is a terrific concept, but like so much else in today's fragmented TV landscape, it may not have sustained an audience the way NBC had hoped. (Ratings are just part of the equation, with performance on streaming and other platforms taken into consideration regarding its potential for growth.) I get why the networks are taking these big swings and wish they would take more. But the risk is considerable and the economics not particularly friendly. Regarding a movie finale to bring closure, that's just wishful thinking. But this is NBCUniversal's property to do with as it pleases, and such a gesture would do a lot to take the sting out of the cancellation. It's happened before, but there's no guarantee.

CHEERS TO ELSBETH

for keeping killer company. Not only is CBS's *The Good Wife* spinoff a fitting showcase of effervescent star Carrie Preston, but her kooky attorney has also been hanging with guest stars of equal awesomeness, including Jesse Tyler Ferguson (*Modern Family*), Jane Krakowski (*30 Rock*, left, with Preston) and the iconic Linda Lavin. We do not object!

JEERS TO GREY'S ANATOMY

for causing us some serious hypertension. Six years after leaving the show, Jessica Capshaw (below) returned as Dr. Arizona Robbins for ABC's April 4 episode, yet she failed to drop a single mention of former wife Callie (Sara Ramirez) or their daughter. We waited the entire hour and *nothing!* This is basically TV-medical malpractice.

JEERS TO 9-1-1

for selling Buck (Oliver Stark, below) short. Now that the LAFD hottie has come out as bisexual on the ABC drama, he deserves someone who sets off more sparks than beau Tommy (Lou Ferrigno Jr.).

CHEERS TO FALLOUT

for being such a blast. Prime Video's big-budget adaptation of the gonzo video game about a young woman (Ella Purnell, above) trekking across a nuclear-devastated wasteland is more captivating and clever than anything starring Walton Goggins as a noseless mutant cowboy should be. But watch out for the monster fish!

5 Expert Tips for Choosing Incontinence Underwear

By Judith Miller

Living with bladder leaks can be challenging, but finding the right incontinence underwear can make a big difference in your comfort and confidence. Here are 5 tips that our experts always look for when shopping for better bladder protection:

1. Absorbency: If you tend to have higher absorbency needs, look for “overnight” underwear, whether you plan to use them day or night. Because Market’s Overnight Underwear holds up to 6 cups of liquid, the equivalent of nearly 2 bottles of wine.

2. Leak guards: Leak guards are additional pieces of absorbent material that surround the leg cuffs to prevent unwanted leaks. Always look for products with reinforced leak guards.

3. Skin-friendly materials: Some incontinence underwear can cause irritation and discomfort, especially for those with sensitive skin. Look for latex-free underwear made from soft, breathable materials. Because Market’s pads and underwear are latex-free and sensitive skin-friendly.

4. Fit and comfort: Over 50% of leaks are due to incorrect fit. Look for underwear with a snug, but not too tight fit. Top brands will offer underwear with a range of sizes and fits to ensure maximum comfort. Because Market offers sizes S to XXL.

5. Price: Incontinence underwear can be expensive, so consider the price per piece when shopping for the right product. Some brands will even offer a free pack to try.

Seriously absorbent underwear.

Get bladder leak protection that absorbs up to 6 cups of liquid. That’s 37% more than the leading brand.

Weird Herb Shocks Doctors With Relief of Leg and Feet Pain, Burning, Tingling, Numbness

6 clinical studies show it is effective. Lost but now re-discovered. Thousands of new users report amazing relief from leg and feet problems in just 30 to 90 days – with no side effects. Available in all 50 states without a prescription.

By Michael Plane –
National Health Press

A re-discovery from the 1600s is causing a frenzy within the medical system. A weird herb has been shown in six clinical studies (and by thousands of users) to be very effective for leg and feet pain, burning and numbness – with no side effects – at low cost – and with no doctor visit or prescription needed.

This weird herb comes from a 12-foot tall tree that grows in Greece and other countries in Europe. In the old days, people noticed that when their horses who had leg and feet problems ate this herb – it was almost like magic how quickly their problems got much better. They called it the “horse herb”. Then somehow with Europe’s ongoing wars, this herbal secret got lost in time.

“It works for people who’ve tried many other treatments before with little or no success. Other doctors and I are shocked at how effective it is. It has created a lot of excitement” says Dr. Ryan Shelton, M.D.

Its active ingredient has been put into pill form and improved. It is being offered in the United States under the brand name Neuroflo.

WHY ALL THIS EXCITEMENT?

Researchers have found an herb originally from Greece that has been shown in six placebo-controlled medical studies (543 participants) to be effective and safe. This natural compound strengthens blood vessel walls and reduces swelling to stop the pain and suffering.

Poor blood flow in the legs and feet is one of the common problems that develops as we age. Millions of Americans suffer from neuropathy and chronic venous insufficiency (CVI), edema, and other leg/feet problems – millions have these but are undiagnosed.

Today’s treatments don’t work for a high percentage of people – and they have side effects that make them hard to tolerate or that people do not want to risk. This includes prescription drugs, over the counter pain pills, surgery and compression.

Already popular in Europe, this natural herb is taking America by storm since it was announced last week.

HOW IT WORKS

Here’s why you have pain now: Your arteries have weakened. Your arteries can’t carry enough blood, nutrients and oxygen down to your legs and feet. This damages your nerves and causes your burning, tingling and numbness.

The herbs in the pill Neuroflo strengthen your arteries that carry blood, nutrients and oxygen to your feet and legs. It improves your circulation so oxygenated blood goes to the nerves and repairs them. This makes your nerves grow stronger so your pain fades away and your legs and feet feel much younger again.

Until now, scientists could not combine these herbs into one pill without losing their full potency, but finally, they have succeeded.

Katerina King from Murrieta, California says, “I had hands and feet tingling and snapping and burning feeling. It made my life very uncomfortable. I had a hard time walking, my legs felt like they each weighed 50 pounds. Once I got in my car and my feet felt so heavy I couldn’t even drive the car. With Neuroflo I have no more tingling, cold or burning painful legs and feet. It went away.”

WHAT DOCTORS ARE SAYING

“Now I finally have a natural solution I can recommend to my patients who suffer from leg and feet problems and pain. I’m delighted because previous treatments were not effective, but Neuroflo has worked for every one of my patients with no side effects” says Dr. Eric Wood, N.D.

Dr. Ryan Shelton, M.D. says “This is new and different. It works for people who’ve tried many other things before. It is natural with no side effects. Don’t give up hope for your leg and feet pain, burning, tingling and numbing. This pill is working for countless people after other treatments have failed them. I highly recommend it.”

RE-DISCOVERED LEG AND FEET PROBLEM SOLUTION: In Greece in the 1600s, this herb was originally called “horse herb” because it was fed to horses with ailing legs. It has now been re-discovered and is giving soothing comfort to Americans who have leg and feet pain, burning, tingling and numbness.

“Neuroflo is a terrific choice for people with leg and feet issues. The clinical trials in support of this herb show it is very effective for safe and fast relief,” said Dr. Wood, a Harvard trained doctor who has appeared on award winning TV shows.

Now you can get a good night’s sleep – peaceful, restful sleep – with no pain, tingling, zinging, itching or zapping. Improve your balance and coordination. No side effects – safe to take with other medications. Enjoy your favorite activities and hobbies again. Be more active, have more fun, enjoy life more. Don’t risk irreversible damage to your feet and hands. Don’t get worse and wind up in the hospital or a nursing home.

Neuroflo is GUARANTEED to work for you – or you will get full refund with a 90-day unconditional money-back guarantee. It is NOT sold in stores or online. No prescription or doctor visit is required.
